

# Colombo AI Conclave Hosts Clawmeet

A Community Meetup Focused on AI,  
OpenClaw, and Agent-Based Platforms

COLOMBO, SRI LANKA — 15 MAY 2025

Colombo AI Conclave (CAIC), in partnership with Donely and **AI3X by CodeGen**, will host **Clawmeet** on 30 April 2026 in Colombo, as its next community meetup focused on AI, OpenClaw, and the rapidly growing ecosystem of agent-based platforms.

The event will bring together members of Sri Lanka's emerging AI community for an evening of conversation, live demonstrations, and discussion centered on practical ClawBot use cases, hands-on experimentation with OpenClaw, and the broader development of AI agent platforms.

Clawmeet will take place at the **CodeGen Office, TRACE Expert City, Colombo**, with registration and networking from 5:00 PM to 5:30 PM. The programme will then continue with live demos, a panel discussion, refreshments, and extended community discussion.

## THE MEETUP WILL HIGHLIGHT

The strength of Sri Lanka's local AI builder community

Practical use cases emerging from OpenClaw

Real demos from individuals actively building ClawBots and related systems

The growing momentum around AI agent platforms in Sri Lanka

Clawmeet is a community-led space for builders, founders, operators, and AI enthusiasts to connect around practical experimentation, shared learning, and the future of AI agents in Sri Lanka.

Clawmeet is an invitation-only event,  
and media attendance is subject to prior RSVP and confirmation.
